I work at Texas School Book Depository
Corner Elm & Houston. I have worked
there since Sept 13 1963 I fill orders.
About a month ago I met Lee
Harvey Oswald at work I saw that
he was a new man & I walked up
to him and ask him if he was Lee -
I figured he must be Lee as my
sister had told me about him -
I ask him if he would like to ride
back & forth with me and he said
he would, but only on week ends
as he had an apartment of his own
in Oak Cliff after that every Friday Lee
would ride home with me and then ride
back to work with me on Monday morning.
he has only rode home from work with
me on Fridays but yesterday morning
Lee told me that he wanted to ride
home with me. I was surprised and
I ask him if he was going home with him
Friday also and he said no - he told
me that he was going home to get some
curtain rods. Thursday afternoon Lee rode
to Irving with me to Ruth Paines house

as I knew him wife Kenneth Ruth Paine
near my home

where his wife is staying, I let him ² out
of my Car in front of Ruth's house then
I went on. ~~Home~~. This morning, Friday
Nov 22 - 63 I got up ~~about~~ between

6:00 6:30 AM ~~getting~~ and got ready
to go to work and then sit down
to eat breakfast, about 7:15 AM ~~my mother and~~
~~my sister and~~ my 2 little nieces were at the
table & my sister was at the sink, my
mother looked up & said "who is that looking
in the window?" I looked up & said "that
Lee" I got up and finished getting ready
and got my lunch & went to the door &
met Lee on the Car port, we then walked
to my Car, it was backed backed up at the
side of the Car Port - ~~then~~ before I got in
the Car I ^{glanced} looked in the back seat and
saw a ~~big~~ sack at must have been about
8' long and the top of the sack was
sort of folded up and the rest of the sack had
been kind of folded under, I ask Lee
what was in the sack & he said "Antarctic
rocks" and I remembered that he had told
me the day before that he was going to bring
some Antarctic rocks - we drove to work

the same way that I usually go, we ③
Came into town on Stenmore Freeway to
main and main to Record and then on
Ducross to McKinney & by the ware house
to the parking lot. I parked the car & sat
there a while and run the motor to charge
the battery & while I was doing that Lee
got out & opened the back door & got
the package out of the back seat and walked
behind the car, then I got out of the
car & started walking toward the building;
where I work. I noticed that Lee had
the package in his right hand under his
arm and the package was straight up &
down & he had his arm down and you
could not see much of the package, when
we started walking, Lee was just a few feet
ahead of me but he kept walking faster
than me & finally got way ahead of me
I saw him go in the ~~front~~ ^{Back} door at the
loading dock of the Bldg that we work
in & he still had the package under his
arm, I did not see him any more for
about 30 minutes & then we were both working
~~at my bench in the basement. I had thought~~
~~my lunch with me & Lee did not carry~~

his lunch today, he told me this morning
he was going to buy his lunch today.
I sat about 25 minutes until one

I was standing on the front steps of the
building when the parade came by and
I watched the parade go by, after President
Kennedy had got out of my sight I heard
3 shots. ~~and saw~~ I stood there then people
started running by and I turned & went back
in the building and got my lunch and eat
it - I did not see Lee any more after
about 11:00 am today and at that time we
were both working and we were on the 1st
floor
